CARE PACKAGE FOR COMMUNITY HEROES

Help us thank healthcare workers

Our community has overcome many challenges over the past year and a half. We have been tested in new ways. We leaned on one another to find innovative solutions in order to move forward.

Right now, healthcare workers need your help to make it through this new surge of COVID-19 hospitalizations. Fill their cup with positivity and recognize them for the service they continue to provide our community. Please consider donating an item for us to share with our treasured community partners.

Suggested items:
