

To whom it may concern,

I've had the pleasure of working with Tasha Rose as Co-Chair of the Triangle West Recognition Committee. We have been tasked with organizing fun activities as recognition for all the hard work of our UNC teammates. The committee consists of team members from multiple departments and locations across the Triangle. The committee is sponsored by two Executive leaders-Mel Hurston and Lauren Kearns.

Tasha has remained positive through all the obstacles and challenges we have faced. The Covid-19 pandemic and FY22 funding are two critical issues we are working to overcome at this time. Tasha is easy to work with and offers great ideas for consideration. She is a team player and encourages everyone to participate to their fullest potential.

I highly recommend Tasha for this opportunity for growth and career development. She has a wealth of knowledge and has demonstrated her ability to lead through difficult times while working with multiple disciplines. I believe she would be a great addition to the leadership team!

Thanks,
